2020 Revisits The 60's with this big throwback: Tie- Dye.

Quarantine led to the comeback of Tie-Dye but was our intention to make it this big.

Since the beginning of the year, we have all been sitting in our houses with nothing to do and nowhere to go. Spending hours on hours trying to find something to put our attention to make the hours feel like they're going by faster.

Some people picked up puzzle's others learned to cook, but many took some old clothes and a bottle of Tie-Dye and brought the whole trend back. YouTube, Tik Tok and all different forms of Social Media blew up with DIY Tie-Dye. Originally loved in 60's and seen throughout the years the trend is back and louder than ever.

While you could do it at home following a video from a Youtuber like LaurDiy, companies all over have spotted the trend and began spitting out their own line of Tie-Dye styles including everything from, Shirts, Sweatshirts, Sweatpants and even Face Masks.

From celebrities like Hailey Bieber to Rhianna, Tik Tokers like Addison Rae and Charli D'Amelio all the way to YouTubers like LaurDiy and Remi Cruz, Tie-Dye has been spotted in every realm of the world.

Before Tie-Dye blew up in 2020, two fashion designers spotted the comeback a year earlier. At Stella McCartney's Spring 2019 show she launched her own line of Tie-dye, including everything from jumpsuits, jeans all the way to T-shirts. During Prada's Spring 2019 ready-to-wear fashion show, a collection of Tie-dye skirts, dresses and bags were showcased.

So, the big question everyone has been waiting for the answer, how and where can I get my new favorite Tie-dye piece. Since stores all over have been pushing out Tie-dye lines, you are able to get Tie-dye pieces everywhere. But here are a few places we recommend.

For an affordable price check out www.shein.com

Tie-Dye Tee and Sweatpants set \$24.00, Tie-Dye Sweatpants \$16.00, Tie-Dye Cropped Tank \$5.00

For a more expensive budget check out www.wildfox.com

Tie-dye Cargo Sweatpants \$148.00, Tie-dye leggings on sale for \$39.20, Tie-dye oversized crew \$128.00

Supplies to do it on your own can be purchased from stores like Target, Walmart and Michaels or even Amazon starting at \$2.99 and clothing to dye can be any old things lying around, thrifted or purchased from any of your favorite stores.

As for how to style them, the choice is yours. A comfy Tie-dye matching set has never done anyone wrong during this quarantine but mixing a Tie-dye piece with a simple pair of plain leggings or biker shorts or vice versa has always been a success.

Most important thing to remember is to have fun with the bright and vibrant print and do whatever you want with it!
